

THE MVNU EXPERIENCE

CHOICES—You make them daily about every aspect of your life. Right choices make you feel good about who you are and how you live your life. The choices you make define who you are and are becoming.

As you think about the choice of a college education, we want you to know that at Mount Vernon Nazarene University you have choices of relevant and challenging majors that will open the doors to experience discovery and growth. Travel. Serve. Learn. In a real community of faith where professors give you personal attention and you know you're not a number; you're one of us. We'll show you how you can afford it too. It's all a matter of choice. Make the right one.

Our students become writers, artists, musicians, teachers, lawyers, broadcasters, and graphic designers, each with a specific set of skills learned in the classroom and through internships. Competence and Christian service go hand-in-hand at MVNU.

The School of Arts and Humanities invites you to explore our undergraduate programs in art, communication, English, graphic design, history, modern languages, and music. It's all a matter of making the right choice.

GRAPHIC DESIGN PROGRAMS

We live in the most visually oriented time in history, and advances in technology continue to make it more so. Graphic design influences every aspect of modern life, from the packages that hold the products we buy, to the advertising (billboards, print, television, Web) that accompanies them.

Graphic designers help create clear communication and beauty for daily life. The field needs individuals who are prepared to affect society and culture in ways that are constructive and positive.

At MVNU, we want to help students learn to do just that. After taking core courses in graphic design, you'll then choose an area of emphasis in either art or communication, depending on your strengths and long-term goals.

Double majors or minors in art, communication, print communication, or business administration are available. That is the distinct advantage of a liberal arts education.

In class, you will use sophisticated hardware and software as well as employ traditional art processes. You will study art and color theory, design and photography, all the while training your eye to learn what strong design really is, developing a personal aesthetic, and understanding how to work in a world of clients and message communication.

Graphic design at MVNU is worth investigating. And MVNU is the place to explore the possibilities!

MAJORS

Students in Graphic Design may choose a major in one of the following programs:

- **B.A. in Graphic Design**

Visual arts track

Communication track

A minor in Graphic Design is also available.

WHAT OUR GRADUATES ARE SAYING

" MVNU is a perfect place to open your mind, expand your creativity, discover knowledge, and build relationships. As a Visual Communications major I have learned that the best work is not always the first thing on paper, sometimes it's not the tenth thing on paper, sometimes it comes to the mind three weeks later and might be the hundredth thing on the paper. The challenge is to discover the best."
