

THE MVNU EXPERIENCE

JOE HUGHES ('03)
Math Teacher at
East Knox High School
Howard, Ohio

CHOICES— You make them daily about every aspect of your life. Right choices make you feel good about who you are and how you live your life. The choices you make define who you are and are becoming.

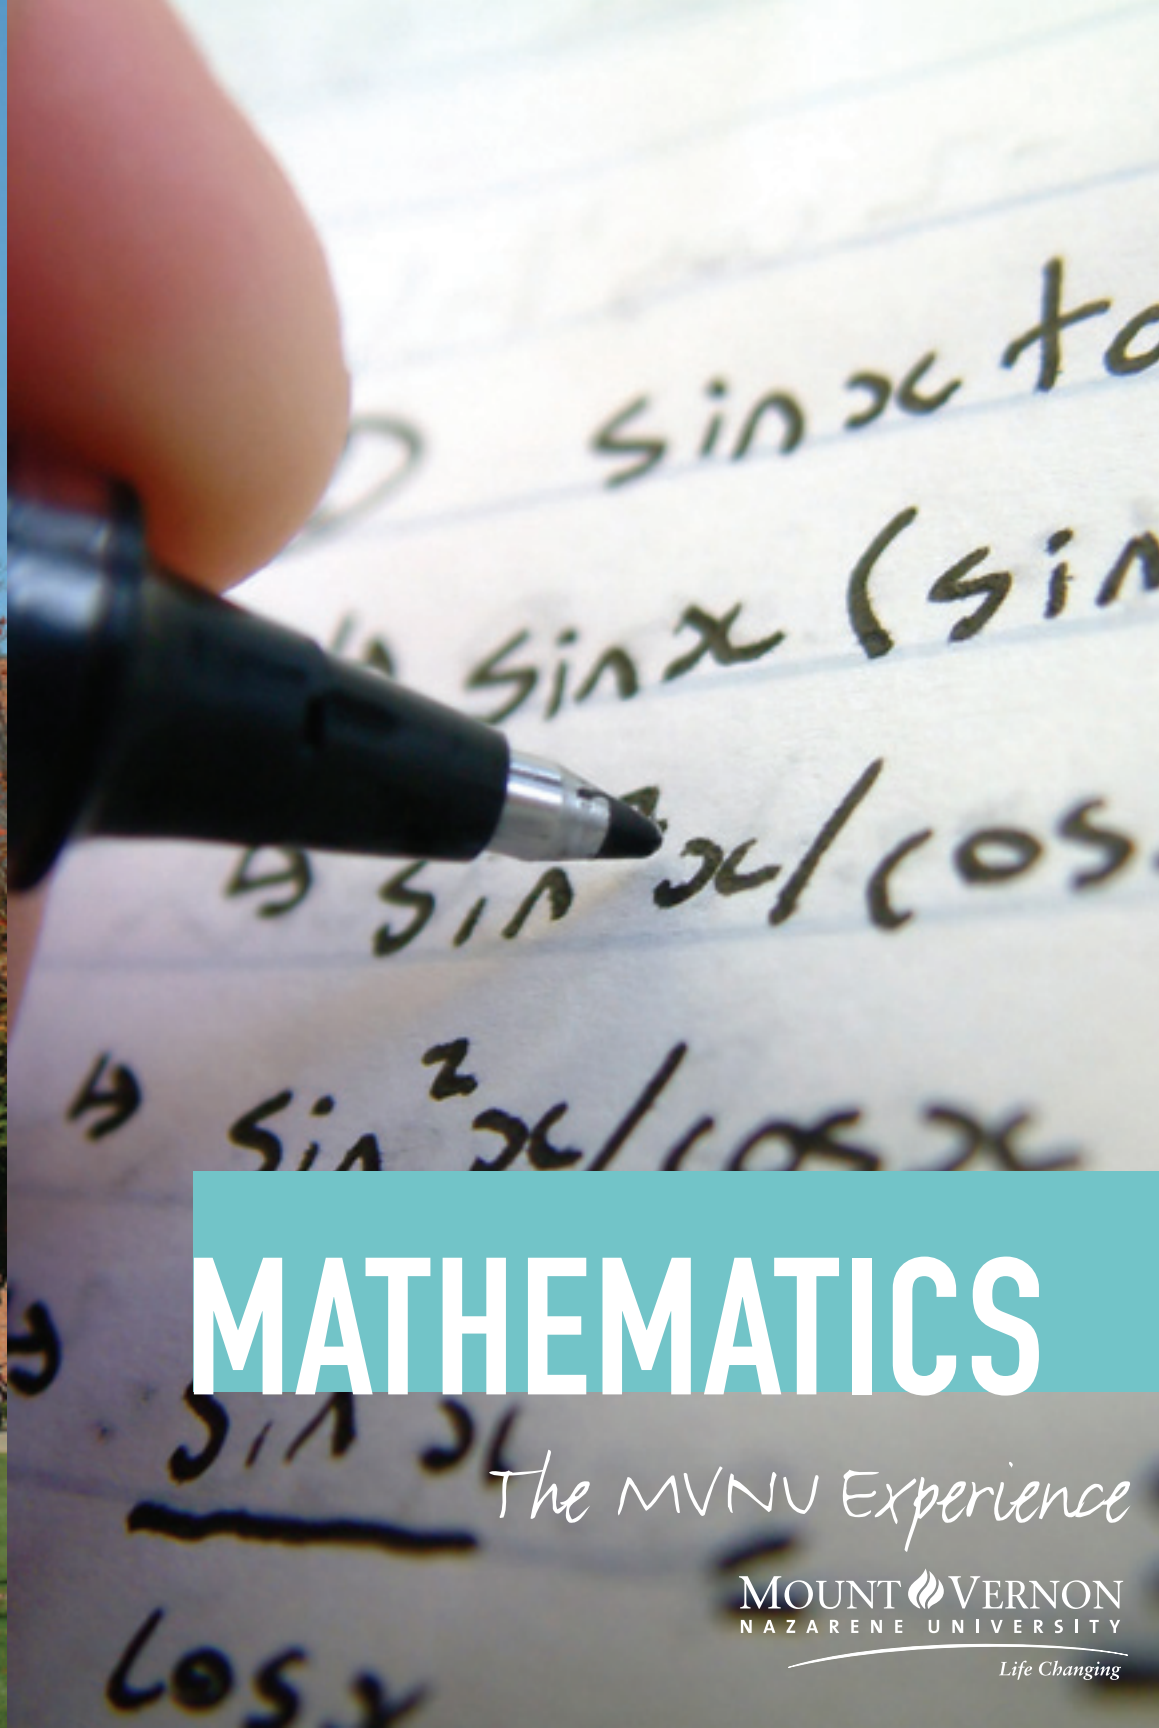

As you think about the choice of a college education, we want you to know that at Mount Vernon Nazarene University you have choices of relevant and challenging majors that will open the doors to experience discovery and growth.

Travel. Serve. Learn. In a real community of faith where professors give you personal attention and you know you're not a number; you're one of us. We'll show you how you can afford it too. It's all a matter of choice. Make the right one.

The MVNU Experience

MOUNT VERNON
NAZARENE UNIVERSITY
Life Changing

CHOOSE IT. FEEL IT. LIVE IT.

Welcome to the Natural and Social Sciences! I am excited about the programs we offer and encourage you to explore this brochure.

MVNU will prepare you for many career opportunities that require an understanding of the natural and social world and the methods used to solve problems in our society.

Whether your interests lie in teaching, laboratory work, clinical practice or going on to graduate or professional school, the natural and social sciences have something to offer you.

Our professors are highly qualified and strive to help each individual achieve his or her personal goals. Our warm and caring environment creates a community of believers preparing for service to God and others. Our alumni literally "span the globe" in their successful careers.

I invite you to consider coming for a visit, as you are making decisions about the direction your life will take.

*Dr. Robert T. Kasper,
Dean, School of Natural and
Social Sciences*

The MVNU Experience

MATHEMATICS PROGRAMS

An understanding and knowledge of mathematics can prepare you for a wide variety of careers in:

- Education
- Business
- Computer science
- Applied and theoretical science
- Research and development

We are committed to preparing students to enter today's workforce upon graduation or pursue additional education in graduate school with essential understandings and mastery of skills necessary for a successful and productive future.

Mathematics majors take courses in:

- Algebra,
- Calculus,
- Statistics,
- Computer science, and
- Discrete mathematics...

... then choose electives from among a number of advanced courses and topics.

Teacher Certification

Our program in Integrated Mathematics Education will combine required professional education for teachers with required mathematics courses to train you for excellence in instructing high school students.

Creative teaching techniques make class time worthwhile and informative. Our faculty strives for excellence in the classroom and personally takes the time to guide students, one-on-one, in order to make math come alive for you.

MAJORS

Students in Mathematics may choose a major in one of the following programs:

- **B.S. in Mathematics**
- **B.S. in Integrated Mathematics Education**

Leads to licensure in teaching adolescent to young adult programs and meets the requirements for Ohio and many other states.

WHAT OUR GRADUATES ARE SAYING

"The Mathematics program at MVNU has been a blessing for me in many ways. The faculty were always willing to go the extra mile in helping, not only with specific coursework, but also in career planning. They provided opportunities that helped prepare me for the statistics master's program at The Ohio State University, and working as a teaching associate."

MATT SNOW ('01)
Assistant VP, Stats Modeling Analyst II
