

THE MVNU EXPERIENCE

CHOICES—You make them daily about every aspect of your life. Right choices make you feel good about who you are and how you live your life. The choices you make define who you are and are becoming.

As you think about the choice of a college education, we want you to know that at Mount Vernon Nazarene University you have choices of relevant and challenging majors that will open the doors to experience discovery and growth. Travel. Serve. Learn. In a real community of faith where professors give you personal attention and you know you're not a number; you're one of us. We'll show you how you can afford it too. It's all a matter of choice. Make the right one.

Our students become writers, artists, musicians, teachers, lawyers, broadcasters, and graphic designers, each with a specific set of skills learned in the classroom and through internships. Competence and Christian service go hand-in-hand at MVNU.

The School of Arts and Humanities invites you to explore our undergraduate programs in art, communication, English, graphic design, history, modern languages, and music. It's all a matter of making the right choice.

*Dr. David Kale,
Dean, School of Arts and Humanities*

MODERN LANGUAGE PROGRAMS

Welcome to the global village!

With the increasing advance of technology and travel opportunities, there are now more reasons than ever to study a second language in order to be effective change-agents, citizens, and stewards in the global village of the 21st century.

Learning a second language will make a difference in how you see the world and in how the world sees you.

Spanish majors at MVNU have many opportunities to use their language skills in the local community by participating in activities on campus, working with Hispanics, or attending church services in Spanish. They may use their Spanish in the global community by participating in mission or academic trips to Spanish speaking areas.

Additionally, spend a semester in Costa Rica studying the language and culture, and living with a family. Students who have spent a semester abroad in Costa Rica not only come back fluent in Spanish, but with a broader view of the world and with lifelong friendships. The semester abroad in Costa Rica does not cost any more than a semester on campus.

No matter what career you choose, you will have an advantage if you can speak more than one language. If you have studied Spanish, why not build on the investment of time and effort you have made, and become fluent in order to be able to communicate with Spanish speakers and to become more competitive in the job market? If you have not studied Spanish, why not begin to study something new and interesting?

MAJORS

Students in modern language may choose a major in one of the following programs:

- **B.A. in Spanish**

General track

Multi-age education track

Leads to licensure in teaching multi-age (Preschool–12) programs and meets the requirements for Ohio and many other states.

A minor in Spanish is also available.

WHAT OUR GRADUATES ARE SAYING

“Majoring in Spanish has proven to be a valuable choice. The semester in Central America gave me a deep appreciation for other cultures and the confidence to engage with others different than myself. In addition, I have used Spanish in some way at each post-graduate job and have applied the discipline of language study to other areas of my life including the study of law.”

JAMES MCCAMENT ('96)

Special Assistant to the Secretary, Department of Homeland Security
